Dear

The elves and I are working very hard to get all the presents ready for Christmas, and I am very excited that we will be visiting you very soon!

Have you been a good boy this year? I have checked my list, and it said that you have been very nice, so well done, I am proud of you.

Mrs Claus has been busy baking cookies for all the little elves so they have plenty of energy for making all the toys. I know that you have asked for something special and I will do my best to leave it under the tree for you.

I'll look forward to eating the mince pie you leave out for me, and Rudolf always loves his carrot!

Ho Ho Ho!

Father Christmas
